We have drafted some comments on the DGA Report, but are reviewing the DEARS to review the statements regarding the selection of the 18 COPCS - which we find not adequately supported in the DGA rather relying on citations to the DEARS. Have you addressed this in your comments? I think we can have comments to you next Friday

How much time do you need to complete your review? As for the DEAR, at the moment I am doing the backcheck of the comments to finalize and approve- so I don't need comments on that one.

Eugenia

We can provide some comments on the NBSA DGA Report but to really provide substantive comments we need to review the DEARs Report which it cites and that is taking some time - so CPG can give you some comments next week but would like to provide more later.

Your thoughts,

R/

Rob

Tierra has submitted the attached Data Gaps Analysis Report. If you want to send me any comments, please do so by April 1 (it's short -less than 20 pages)

Thanks,

e
